### May 3 Program — Tammy Pust

Tammy L. Pust is a trial lawyer and a community leader. After graduating from Concordia College and the University of Minnesota Law School, Tammy started her legal career as a prosecutor for Golden Valley. She later went to the Attorney General's Office under Skip Humphrey where she did legislative work on behalf of children and families. Then she served as an Assistant Education Commissioner in Governor Ventura's administration, and is now back in private practice doing trial work in the area of employment and education law. She is a partner at Parker Rosen, a Minneapolis law firm.

Tammy is also active in the community. She serves on the Roseville City Council and on several non-profit boards, and is the current President at Roseville Lutheran Church. She is also the attorney for the North Suburban Senior Council, which is a group of active seniors in the northern Ramsey County suburbs. Tammy is proud to be a member of the Roseville Rotary and to be able to present today in this room full of friends.

### May 10 Program—Tim Penny

Timothy (Tim) Penny was named as Southern Minnesota Initiative Foundation's (SMIF) President/CEO April 2007. Penny's extensive background complements many of SMIF's key interests, including the areas of workforce development, early childhood development, and economic development with a focus on bio-ag and bio-medical. Penny sees these areas as having the biggest growth potential for the region and the greatest impact on the future economy in southern Minnesota.

Penny represented Minnesota's First Congressional District in the U.S. House of Representatives from 1982-1994. Previously, he was a member of the Minnesota State Senate from 1976-82. Most recently, Penny was a Senior Counselor at Himle Horner, a Twin Cities-based public relations and public affairs firm, and co-chair of the Humphrey Institute Forum at the University of Minnesota.

As a member of the Minnesota Senate, Penny served as vice-chair of the Transportation and Finance committees. Among other issues, Penny's areas of emphasis included student financial aid, rural and rail transportation and regulatory reform. While in Congress, Penny served on the Education and Labor, Agriculture and Veterans' Affairs committees. He chaired the Subcommittee on Veterans' Education and Training and the Foreign Agriculture and Hunger Subcommittee.

Throughout his congressional career, Penny placed an emphasis on budget issues. He chaired the Democratic Budget Group as well as the Porkbusters Coalition. His deficit reduction efforts were recognized by such organizations as the Business Roundtable, Citizens for a Sound Economy, the National Taxpayers union and Citizens Against Government Waste.

Penny has co-authored three books: *Common Cents*; *The 15 Biggest Lies in Politics*; and *Payment Due*. Born and raised in southeastern Minnesota, Penny received his B.A. in political science from Winona State University. Penny has four adult children and resides in Waseca.

#### Today's Politics

The health of our economy may be improving - but the health of our political system continues to decline. With deficits as far as the eye can see at both the state and federal level - how did we get into this mess? And, what will it take to get our fiscal house back in order?

## WEAR YOUR ROTARY PIN!

The benefits of wearing your pin daily.

- The pin says more than "I am a member"
- Wearing the pin promotes subtle public relations work for the growth and retention of current and prospective members.
- The pin reinforces the fellowship and service ethic found in Rotary.
- The pin is a "conversation starter" allowing the Rotarian to share his/her experience and invite new members into the Club.
